

What are the aims and intentions of this curriculum?

The aim of our Post 16 Curriculum is to develop learners' knowledge of law through advanced study of criminal law, the law of tort and the law of contract.

Students will have the opportunity to take part in a mock trial held in the state of the art Court Room at De Salis. They will be expected to draft arguments utilising existing skills and knowledge gained on the course. This will enable them to showcase their knowledge and to reinforce their understanding. This will also prepare them for life in the Court Room should they decide to enter the legal profession.
